PROFESSIONAL CAREER & HIGHLIGHTS

Sr. Inventory Accountant → Inventory Accounting Manager (Full time)

Wetherill Associates, Inc (Manufacturing and Distribution) +500 M Revenue

Nov 2018-present

Miramar, Florida

- Own end-to-end inventory accounting and COGS for a \$500M+ operation including valuation, landed cost, freight-in/out, in-transit, absorption, shrinkage, and reserves
- Spearheaded customs tariff recognition process for international purchases (2025), ensuring compliance and accurate cost capture amid evolving trade regulations
- Redesigned and automated freight processing workflow — reduced cycle time from 2 days to 2 hours per week, freeing over 90 hours annually
- Designed and implemented monthly inventory and freight accrual methodology, significantly improving accuracy and audit readiness
- Developed and documented standardized inventory accounting procedures across purchasing, sales, returns, and logistics — adopted company-wide
- Maintain BOM costing, intercompany transfer pricing analysis, and support external audits and tax reporting
- Partner cross-functionally with Operations, Supply Chain, FP&A, and external auditors to resolve complex inventory issues
- Implementing AI-assisted Landed Cost tracking workflow within Infor ERP, bridging gap between PO management and actual cost capture
- Supervised and reviewed work of senior accounting staff and financial analysts

Accounting Manager (Full time)

DFASS Group (Retail Duty Free and Distribution) +800 M Revenue

Aug 2016-Nov 2018

North Miami, Florida

- Led month close and financial reporting for LATAM, Florida, Texas and Philadelphia operations across 12 legal entities and 42 retail locations
- Supervised and developed a team of 3 junior accountants
- Delivered monthly and quarterly financial reporting to partners and airport authorities
- Played a key role in Dynamics AX ERP implementation, identifying and correcting configuration issues impacting accounting accuracy, especially for AP and AR teams
